Parents are given an insight into the day to day operation of the school through our school newsletter, 'Notes from Beerwah', mailed home on a monthly basis. The newsletter provides information about school policies, upcoming events and contains plenty of reports and photos of students' achievements. Parent contributions to this newsletter are welcomed, subject to the discretion of the coordinator.

Events

Beerwah State High School is a dynamic school with a strong school culture and a strong sense of tradition. Events that recognise student achievement or events that engage the whole school community or large sections of it are important parts of school culture.

Fundamental to school culture is a sense of 'time and place'. Students learn how to dress and behave for different occasions from the very formal to the fun and participation of whole school sporting events.
